

2015 SISTER.ACT Silvaner trocken

Performers/ Actresses	Lena & Andrea Wirsching
Production	Hans Wirsching Wine Estate
Location/Region/Country	Iphofen, Franconia, Germany
Topic/Theme/Subject	inspiration meets tradition

Story During their trip above the clouds to New York, the idea of the two sisters to newly define their common roots, emerges. What does a wine have to taste like that is composed with (wine) knowledge of centuries as well as with the new perspective of two different personalities?

This creative project achieves its profile out of grapes from old vines of Franconia's best sites and the fine-tuning by the two sisters.

Thus, *Sister Act* comes into being – a start into the future – in two varieties, Silvaner and Riesling.

Different – yet still 'Wirsching'
